COALITION of STATE MUSEUM ASSOCIATIONS
STRENGTHENING MUSEUMS TOGETHER

Kansas Museums ASSOCIATION

Promoting museums and providing leadership, advocacy and training for the Kansas museum community.

ABOUT US

The Kansas Museums Association (KMA) is a statewide professional organization dedicated to strengthening and advancing museums as essential community and educational resources.

Museums include any organization housing a collection, such as zoos, historical sites, art and science centers, privately-owned museums, children's museums, galleries, and cultural centers.

Guided by an elected Board of Directors, KMA provides leadership, advocacy, and professional development to help museums of all sizes preserve and interpret Kansas's cultural and natural heritage.

Through training, networking, and collaboration, KMA equips professionals and volunteers to achieve excellence in stewardship, engagement, and sustainability while fostering connections that amplify the impact of Kansas museums in enriching lives, supporting lifelong learning, and strengthening communities.

KANSAS MUSEUM ASSOCIATION'S ANNUAL CONFERENCE

The Kansas Museums Association Annual Conference is the premier gathering for museum staff, volunteers, students, and supporters statewide. Each year, it unites peers and experts to share ideas, explore best practices, and address challenges and opportunities facing Kansas museums.

Through keynotes, breakout sessions, workshops, tours, and networking, participants gain valuable skills to strengthen their institutions and communities. The conference also celebrates innovation and collaboration, showcasing the vital role museums play in education, preservation, and cultural enrichment.
